Don't Miss

Mozambique's Flagship Mining and Energy Gathering

Reserve your spot at the Mozambique Mining And Energy Conference And Exhibition 2026 (MMEC)

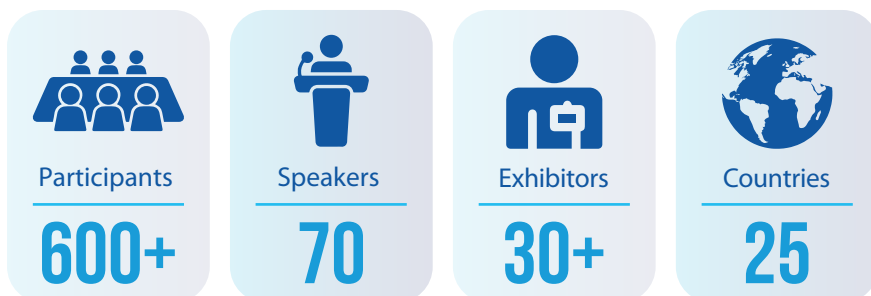

The exciting 12TH edition of the **Mozambique Mining and Energy Conference and Exhibition (MMEC)** will take place from **06 to 07 May 2026** at the prestigious Joaquim Chissano International Conference Centre in Maputo.

Hosted under the esteemed High Patronage of the President of Mozambique, MMEC is produced by AME Trade Limited and local affiliate AME Moçambique, **proudly supported by the Ministry of Mineral Resources and Energy and National Institute of Petroleum (INP).**

Since its launch in 2008, MMEC has stood as Mozambique's flagship natural resources event, firmly anchored in both the regional and global business calendar. It offers a rare platform where local, regional, and international leaders converge for direct access to government decision-makers, emerging opportunities, and high-value partnerships.

After an impressive 2025 edition drawing **600+ participants** from across **25 countries** and showcasing more than **70 speakers** and **30 exhibitors**—MMEC 2026 is poised to elevate collaboration across government institutions, SOEs, and industry leaders. This year's focus is clear: turn strategic dialogue into bankable deals and accelerate the projects shaping Mozambique's fast-evolving energy landscape and its shift from approvals to industrial expansion.

Event focus

MMEC 2026 will run under the main theme “Mozambique open for business - Unlocking natural resources for industrialisation, diversification and inclusive growth,” underscoring the country’s commitment to driving investment-led development across its mining, oil, gas, and power sectors. The theme highlights Mozambique’s shift toward value addition, sustainable industrial growth, and broader economic participation. It also reinforces the nation’s strategic vision of positioning itself as a competitive regional hub for energy and mineral transformation.

Mozambique’s vast natural gas reserves and rich mineral endowment position the country as a rising regional energy centre and a growing participant in global markets. Its upstream sector draws sustained interest from major international players, complemented by strong momentum in renewable energy and critical mineral development. With resources ranging from graphite and lithium to tantalum, aluminium, and titanium, Mozambique offers exceptional opportunities for investment and green-focused industrialisation.

Event features

Customised Sponsorship and Branding Opportunities

Sponsoring MMEC offers your company a unique opportunity to make a lasting and memorable impact within Africa’s mining and energy sectors. A range of tailored sponsorship packages - from Platinum to Bronze - has been designed to maximise your visibility and reinforce your brand’s presence. Opportunities include branding at networking functions, corporate gifts, speaking slots, and guaranteed participation in the conference programme. Supported by an extensive media campaign across social media, TV, radio, and billboards, your logo and brand will be seen by a wide audience. Additional benefits include prominent exposure at networking events and sponsorship of conference giveaways, ensuring your company stands out at every touchpoint.

Key milestones will take centre stage, including the **Coral North FLNG FID**, the **revival of the Rovuma LNG Project**, and new refinery and downstream initiatives spearheaded by **Petromoc** and its partners.

These developments reinforce Mozambique’s growing role as a strategic energy and industrialisation hub for the region.”

JOIN AS A DELEGATE

Learn, Network and Connect

At MMEC 2026, delegates will have the opportunity to engage with industry leaders, executives, and peers who are driving collaboration and innovation across the mining and energy sectors. Participants come from a wide range of industry verticals, organisations, and professional backgrounds.

Delegates can pre-schedule meetings through the B2B platform, attend all conference sessions, and take part in exclusive networking and social events, ensuring maximum opportunities to learn, connect, and advance their business goals.

Industry Sectors

Oil & Gas E&P Companies • Mining Companies
Power Producers • Oil & Gas EPC Contractors
Transport & Logistics • Renewable Energy
Mining Services & Supply • Energy Equipment
Geological Services • Site & Facility Management.

Organisations

Central Government • Local Authorities
Regulators • Industry Associations • Water & Environmental Agencies • Development Finance Institutions • Media & Civil Society
Medical Centres • Digital Service Companies
Educational Institutions.

Professionals

Chief Executives • Mine Managers • Plant Managers • Finance Executives • Human Resources • Local Content Managers
Bankers • Investors • Lawyers • Consultants.

To speak at MMEC or host your own workshop please do not hesitate to contact our Programme Lead, Babongile Zulu on email: babongile@ametrade.org

The main conference topics will include:

- ▶ **Partnerships For Transformation:** Harnessing Natural Resources for Economic Diversification, Inclusive Growth and Regional Integration;
- ▶ **Open For Investment:** Unlocking Mozambique's Next Energy Frontier from Gas Discoveries, FID To Full Industrialisation;
- ▶ **Mining With Purpose:** Sustainable Mines and Competitive Markets Driving Responsible Growth in Mozambique's Minerals;
- ▶ **Scaling Clean Energy Investment:** Powering Access, Industry and Regional Energy Security.

Financing Mozambique's Next Wave of Mega Projects

- ▶ **Lower-Carbon and FID-Rready:** Getting Mozambique's Upstream to Marke;
- ▶ **The Mining-Power Nexus:** Reliable, Clean Energy to Drive Operations and Universal Access;
- ▶ **Modernising Local Content:** Building Local Capacity for Global Projects;
- ▶ **Market-Ready Downstream:** Unlocking Industrial and Consumer Demand for Mozambique's Gas
- ▶ **Moving Mozambique:** Infrastructure Corridors for Mining and Energy Growth
- ▶ **Corporate Sustainability and Community Partnerships:** Delivering Responsible Growth

Why You Should Attend

High-level Networking: Engage with **over 600 industry leaders**, including government officials, international experts, and key decision-makers **from 25+ countries**.
Expert-led Discussions: Learn from **75 expert speakers** through **10 in-depth panel sessions** covering the most pressing issues in the mining and energy sectors.
